PROXY STATEMENT

GENERAL

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the "Management") of The Interpublic Group of Companies, Inc. ("Interpublic" or the "Company") of proxies to be voted at the Annual Meeting of Stockholders, which will be held in the Auditorium of The Equitable Center, 787 Seventh Avenue, New York, New York, at 9:30 A.M., Eastern Time, on Monday, May 17, 1999.

The address of the Company's principal executive office is 1271 Avenue of the Americas, New York, NY 10020. This Proxy Statement and the enclosed form of proxy are first being sent to stockholders on or about April 7, 1999. The Company's Annual Report to Stockholders was mailed to stockholders on or about March 31, 1999.

Any proxy given in response to this solicitation may be revoked at any time before it has been exercised. The giving of the proxy will not affect your right to vote in person if you attend the meeting. If you do not attend the Annual Meeting, or if you attend but do not vote in person, the shares represented by your proxy will be voted in accordance with your instructions on the matters set forth in items 1 through 3. If no voting instructions are given with respect to any one or more of the items, a duly executed proxy will be voted on the uninstructed matters as follows: FOR Management's nominees for election as directors, FOR the amendment of the Company's Restated Certificate of Incorporation to increase the number of authorized Common Stock to 550 million shares and FOR the confirmation of PricewaterhouseCoopers LLP ("PricewaterhouseCoopers") as independent accountants for 1999. A duly executed proxy also will be voted in the discretion of the proxy holders on any other matter arising and voted upon at the meeting.

OUTSTANDING SHARES

The record date for the Annual Meeting is March 23, 1999. The outstanding capital stock of the Company at the close of business on March 23, 1999 consisted of 139,985,134 shares of Common Stock. Each share of Common Stock is entitled to one vote on all matters that are submitted to a vote of stockholders at the meeting. The following table sets forth information concerning direct and indirect beneficial ownership of the Company's Common Stock as of December 31, 1998, by persons known to the Company to have beneficial ownership of more than 5% of the Common Stock:

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent of Class
Putnam Investments, Inc. and subsidiaries One Post Office Square Boston, Massachusetts 02109	7,763,009	5.6%

Securities and Exchange Commission rules deem a person to be the beneficial owner of a security (for purposes of proxy statement disclosure) if that person has or shares either or both voting or investment power with respect to such security. Additionally, a security is deemed to be beneficially owned by a person who has the right to acquire beneficial ownership thereof within 60 days - for example, through the exercise of a stock option.

Based on information supplied by Putnam Investments, Inc. ("Putnam") in a Schedule 13G filed with the Securities and Exchange Commission on or about February 18, 1999. Putnam, a wholly-owned subsidiary of Marsh & McLennan Companies, Inc. reports that it is the parent holding company of Putnam Investment Management, Inc., the investment adviser to the Putnam family of mutual funds, and the Putnam Advisory Company, Inc., the investment adviser to Putnam's institutional clients, and that these subsidiaries, collectively, have shared voting power with respect to 1,759,793 shares of Common stock and shared dispositive power with respect to 7,763,009 shares of Common Stock.

The following table sets forth information concerning the direct and indirect beneficial ownership of the Company's Common Stock as of March 23, 1999 by each director, each nominee for election as a director, each executive officer named in the Summary Compensation Table below, and all directors and executive officers of the Company as a group:

Name of Beneficial Owner	Common Stock Ownership	Options Exercisable

J. Phillip Samper	5,100	2,660	7,760
All directors and executive officers as a group	2,852,316	1,277,315	4,129,631

Securities and Exchange Commission rules deem a person to be the beneficial owner of a security (for purposes of proxy statement disclosure) if that person has or shares either or both voting or investment power with respect to such security. Additionally, a security is deemed to be beneficially owned by a person who has the right to acquire beneficial ownership thereof within 60 days - for example, through the exercise of a stock option. Common Stock ownership set forth in this table includes unvested shares of restricted stock awarded under the 1986 Stock Incentive Plan, the 1996 Stock Incentive Plan, the 1997 Performance Incentive Plan and the Interpublic Outside Directors' Stock Incentive Plan, respectively.

No individual identified in the table has beneficial ownership of more than 1% of the outstanding shares of Common Stock. The directors and executive officers as a group beneficially own 2.9234% of the outstanding shares.

Except for shares of Common Stock held by Mr. Puris, the beneficial ownership shown is direct. The shares shown as beneficially owned by Mr. Puris include 55,630 shares of Common Stock owned by his spouse.

VOTING

Election of directors will be decided by a plurality of the votes cast by the holders of shares of Common Stock present in person or by proxy at the meeting and entitled to vote. Approval of Item 2 will require the affirmative vote of a majority of all outstanding shares of Common Stock. Approval of Item 3 will require the affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote. The Company's transfer agent tabulates the votes. Abstentions and broker non-votes are each tabulated separately and are counted toward the quorum. For Item 2, shares that are the subject of an abstention or a broker non-vote are equivalent to a vote against the matter. For Item 3, shares that are the subject of an abstention are counted, whereas shares, if any, that are the subject of a broker non-vote are not counted, as shares entitled to vote on the matter.

STOCKHOLDERS' PROPOSALS TO BE PRESENTED AT 2000 ANNUAL MEETING

Proposals of stockholders intended to be presented at the Annual Meeting of Stockholders scheduled to be held on May 15, 2000, must be received by the Company by December 20, 1999, and must comply with applicable Securities and Exchange Commission regulations, in order to be considered for inclusion in the Company's Proxy Statement and form of proxy relating to that meeting. If the proposal is received by the Company less than 45 days prior to the anniversary of the mailing date of this Proxy Statement, the persons named as proxies in the Company's 2000 proxy material will have the discretionary authority to vote on the matter in accordance with their best judgment without disclosure in the proxy statement of such matter or of how the proxy holders intend to exercise their discretionary authority to vote on the matter.

The Executive Policy Committee did not hold any meetings in 1998.

Finance Committee -- The Finance Committee is authorized to review the financial affairs of the Company and make recommendations with respect thereto to the Board of Directors. It also approves capital budgets, guarantees by the Company of obligations of subsidiaries and affiliates and certain capital transactions (including mergers and acquisitions), and is the committee that administers the Interpublic Retirement Account Plan. The Finance Committee held 14 meetings in 1998.

Audit Committee -- The Audit Committee, whose members cannot be officers or employees of the Company, is responsible for the selection and retention of, subject to the approval of the Board of Directors, and the approval of the annual compensation of, the Company's independent accountants. The Audit Committee confers with the independent accountants and from time to time reports to the Board of Directors on matters concerning the auditing of the books and accounts of the Company. It also reviews and examines the procedures and methods employed in the Company's internal audit program. It reviews and submits to the Board of Directors, as soon as possible after the close of each fiscal year, the consolidated balance sheet of the Company and its subsidiaries and the related consolidated statements of income, of stockholders' equity and of cash flows. The Audit Committee held 5 meetings in 1998.

Compensation Committee -- The Compensation Committee is responsible for approving the compensation paid to officers of the Company and its subsidiaries. For these purposes, compensation is deemed to include: (1) salary, (2) deferred compensation, (3) bonuses and other extra compensation of all types, including long-term performance incentive awards under the Company's 1997 Performance Incentive Plan, (4) insurance paid for by the Company or any of its subsidiaries other than group plans, (5) annuities and individual retirement arrangements and (6) Special Deferred Benefit Arrangements. The Compensation Committee also administers the 1997 Performance Incentive Plan (and its predecessors, the Long-Term Performance Incentive Plan, the Management Incentive Compensation Plan, the 1996 Stock Incentive Plan and the 1986 Stock Incentive Plan), the 1986 United Kingdom Stock Option Plan and the Employee Stock Purchase Plan (1995). The Compensation Committee held 6 meetings in 1998.

Nominating Committee -- The Nominating Committee is responsible for recommending to the Board of Directors the persons to be nominated for election to the Board of Directors. Stockholders who desire to recommend nominees for election at the Annual Meeting may do so by writing to the Secretary of the Company at the Company's principal executive office set forth in the second paragraph on page 1 of this Proxy Statement. Any such recommendation should be submitted prior to December 31 of the year preceding the Annual Meeting of Stockholders in question, and the recommendation will be given consideration by the Nominating Committee. The Nominating Committee held 1 meeting in 1998.

ATTENDANCE AT BOARD OF DIRECTORS AND COMMITTEE MEETINGS

The Board of Directors of the Company held 8 meetings in 1998 and committees of the Board held a total of 26 meetings. During 1998, Mr. Samper attended fewer than 75% of the total number of meetings of the Board of Directors and committees on which he served.

DIRECTORS' FEES

Each director who is not an employee of the Company or one of its subsidiaries receives an annual retainer of \$24,000 for serving as a director, an annual retainer of \$2,000 for each committee on which he or she serves, a fee of \$1,000 for each meeting of the Board attended and a fee of \$1,000 for each committee meeting attended. The Chairman of the Compensation Committee receives an additional retainer of \$3,000 per year and the Chairman of each of the Audit and Nominating Committees receives an additional retainer of \$2,500.

Each outside director who, as of December 31, 1995, had accumulated at least five years of service is entitled to receive an annual retirement benefit under the Interpublic Outside Directors' Pension Plan (the "Outside Directors' Pension Plan"). In general, the benefit becomes payable in the month following the month the director leaves the Board. The benefit is equal to the amount of the annual retainer paid to the director as a Board member in the year in which he or she ceased to serve as a director and will be paid for the same number of years as the director's years of service, up to a maximum of 15 years. In the event of the death of a director with a vested retirement benefit, the then present value of the director's unpaid retirement benefits will be paid to the surviving spouse or the estate of the director. Effective December 31, 1995, the Outside Directors' Pension Plan was terminated, except to the extent benefits were accrued prior to termination. As a result there have been no further accruals for the benefit of existing directors under the Outside Directors' Pension Plan for subsequent years. Any director with fewer than five years of service on the date that the Plan was terminated will not receive any benefits under the Plan.

In 1994, the stockholders of the Company approved the Interpublic Outside Directors' Stock Incentive Plan (formerly called the Interpublic Outside Directors' Stock Option Plan). The Outside Directors' Stock Incentive Plan (the "Outside Directors' Plan") provides for an annual grant of options to purchase the number of shares of Common Stock having an aggregate fair market value of \$30,000 on the date of grant. The exercise price of each option is equal to the fair market value of the Common Stock on the date of grant. The options become exercisable in full on the third anniversary after the date of grant and expire ten years from the date of grant.

An outside director may exercise stock options granted prior to June 1, 1996 that are exercisable on the date of cessation of service for 90 days following cessation of service as a director, except that an outside director who is eligible to receive a benefit under the Outside Directors' Pension Plan may exercise such options for five years following the date of retirement from the Board of Directors, but in no event after the expiration of the ten-year option term. Options granted on or after June 1, 1996 that are exercisable at the time of cessation of service may be exercised for a period of three years following cessation of service, whether or not the director is eligible to receive a benefit under the Outside Directors' Pension Plan, but in no event after expiration of the ten-year option term.

The Outside Directors' Plan also provides for a periodic grant of 3,000 restricted shares of the Company's Common Stock to each outside director. The first grant was made in June 1996. An additional grant of 3,000 shares will be made every fifth year thereafter while the Outside Directors' Plan remains in effect.

The outside director has all rights of ownership with respect to such restricted shares, including the right to vote and to receive dividends, except that, prior to the expiration of a five-year period after the date of grant (the "Restricted Period"), the outside director is prohibited from selling or otherwise transferring the shares. If, on or after the first anniversary of the grant, an outside director's service as a director terminates for any reason (including death) during the Restricted Period, the restrictions on transfer will lapse immediately in proportion to the number of months that have elapsed since the date of grant and the remainder of such restricted shares will be forfeited. If an outside director's service terminates for any reason (including death) before the first anniversary of the date of grant, all such restricted shares will be forfeited. The committee administering the Outside Directors' Plan may in its discretion direct the Company to make cash payments to an outside director to assist in satisfying the federal income tax liability with respect to the receipt or vesting of the restricted shares.

On June 5, 1998, Mr. Borelli, Mr. Brack, Ms. Considine, Mr. Olsen, Mr. Questrom and Mr. Samper, each received under the Outside Director's Plan an award of stock options, covering 505 shares of Common Stock with an exercise price of \$59.50 per share. On June 7, 1996, Messrs. Borelli, Olsen, Questrom and Samper, received under the Outside Directors' Plan a grant of 3,000 restricted shares. On June 6, 1997, Mr. Brack and Ms. Considine received a grant of 3,000 restricted shares.

COMPENSATION OF EXECUTIVE OFFICERS

The following table sets forth information concerning the compensation paid by the Company and its subsidiaries to the Chief Executive Officer and the four other most highly compensated executive officers of the Company who were serving as executive officers on December 31, 1998 (the "named executive officers") for services rendered in all capacities for each year in the three-year period ended on that date. As used in this Proxy Statement, the executive officers of the Company are deemed to include any director of the Company who currently serves as a chief executive officer of one of the Company's three agency systems, McCann-Erickson WorldGroup, Ammirati Puris Lintas Worldwide and The Lowe Group. In addition to the named executive officers who are employed by Interpublic, the Company has designated as its other executive officers its Senior Vice President-Human Resources, its Vice President, General Counsel and Secretary, its Senior Vice President-Financial Operations, its Senior Vice President-Planning and Business Development and its Vice President and Controller.

Dividends on restricted stock are paid on the same basis as ordinary dividends on the Common Stock.

Payouts under the Long-Term Performance Incentive Program are made at the end of four-year performance periods. These four-year periods begin at two-year intervals. An initial payment of approximately 50% of the estimated total payout for the 1993-1996 performance period was made in December 1996. Mr. Beard's grant of a stock option covering 150,000 shares of Common Stock was awarded on September 10, 1998 (the "September Option"). The September Option has a ten-year term and an exercise price equal to 100% of the fair market value of the Common Stock on the date of the grant. The September Option becomes exercisable on January 1, 2000. All other options were granted on December 17, 1998 (the "December Options"). The grant date present value of the September Option is calculated using the Black-Scholes Option Pricing Model and assumes that the options are held for six years. The calculations include the following assumptions: volatility of 18.22%, dividend yield of 1.15% and risk-free rate of return of 4.85%. The grant date present value of the December Options is calculated using the Black-Scholes Option Pricing Model and assumes that the options are held for six years. The calculations include the following assumptions: volatility of 19.87%, dividend yield of .87% and risk-free rate of return of 4.80%.

EMPLOYMENT CONTRACTS, TERMINATION OF
EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

EMPLOYMENT AGREEMENTS

Each of the named executive officers has an employment contract with the Company providing for the annual compensation and termination dates set forth below:

Name	Salary<16>	Expiration Date
Philip H. Geier, Jr.	\$995,000	June 30, 2001
Eugene P. Beard	870,000	December 31, 1999
John J. Dooner, Jr.	870,000	December 31, 2003
Frank B. Lowe	870,000	December 31, 2000
Martin F. Puris	870,000	August 10, 2004

<16> The employment agreements of Messrs. Beard, Lowe and Puris were amended to provide for salary increases of \$20,000 effective March 1, 1999. Mr. Beard's employment agreement previously had been amended to provide for a stock option award to purchase 150,000 shares of Interpublic's Common Stock and to provide for a retroactive increase to 12,500 performance units of his long-term performance incentive grant for the 1997-2000 performance period under Interpublic's 1997 Performance Incentive Plan. The terms of the stock option award are described in this Proxy Statement under the heading "Stock Option Grants In 1998". The value of the performance units will be determined at the end of a four-year period based upon the extent to which targeted compound growth rates of operating profit of the Company over that period are achieved.

Each employment contract is terminable by either party at any time upon twelve months' notice, except that the Employment Agreement with Mr. Puris permits him to terminate that contract on six months notice.

SPECIAL DEFERRED BENEFIT ARRANGEMENTS

In addition to an employment contract, each of the named executive officers has entered into special deferred benefit agreements with Interpublic as described below.

Mr. Beard is a party to three agreements which in the aggregate provide that if he dies while he is employed by the Company \$194,000 per year will be paid to his beneficiaries for 15 years following his death. Alternatively, he will be paid benefits for 15 years of \$194,000 per year if he retires on or after his 60th birthday. The Company also has entered into an agreement with Mr. Beard which provides if he dies while he is employed by the Company, \$230,000 per year will be paid to his beneficiaries for 15 years following his death. Alternatively, he will be paid an annual benefit of \$230,000 for 15 years after he retires. In 1998, the Company agreed to increase all of those benefits by 4% annually through 2003. In 1998, the Company also entered into another contract with Mr. Beard to provide that upon his death or retirement from the Company, Mr. Beard or his beneficiaries will receive an annual payment of \$400,000 for 15 years.

Mr. Dooner is a party to two agreements which in the aggregate provide that if he dies while he is employed by the Company \$186,000 per year will be paid to his beneficiaries for 15 years following his death. Alternatively if he retires, resigns or is otherwise no longer in the employment of the Company on or after his 55th birthday he will be paid benefits for 15 years ranging from \$130,200 to \$186,000 per year, depending upon the year his employment terminates. In the event Mr. Dooner's employment terminates prior to his 55th birthday, other than by reason of death, he will be paid lesser sums but not less than an aggregate of \$380,000. The Company also has entered into an agreement with Mr. Dooner which provides that if he dies while he is employed by the Company, his beneficiaries would receive \$88,500 annually for 15 years. Alternatively when he retires from the Company, the Company will pay him retirement benefits at the rate of \$88,500 per year for 15 years.

Mr. Geier is a party to two agreements which in the aggregate provide that if he dies while he is employed by the Company \$160,000 per year will be paid to his beneficiaries for 15 years following his death. Alternatively, he will be paid benefits for 15 years of \$160,000 per year when he retires. The Company also has entered into an agreement with Mr. Geier which provides that if he dies while he is employed by the Company \$255,000 per year will be paid to his beneficiaries for 15 years following his death. Alternatively, he will be paid an annual benefit of \$255,000 for 15 years upon his retirement from the Company.

Mr. Lowe is a party to an agreement which provides that if he dies while he is employed by the Company \$158,400 per year will be paid to his beneficiaries for 15 years following his death. If he retires on or after his 60th birthday, he will be paid a benefit of \$158,400 per year for 15 years. If he retires, resigns or his employment is terminated on or after his 57th birthday, but prior to his 60th birthday, he will be paid benefits ranging from \$110,880 to \$148,896 per year for 15 years based on the year his employment terminates. The Company also has entered into an agreement with Mr. Lowe that provides that if he dies while he is employed by the Company, an amount of \$133,200 per year will be paid to his beneficiaries for 15 years following his death. If he retires on or after his 64th birthday, he will receive a benefit of \$133,200 per year for 15 years. If he retires or resigns or his employment is terminated on or after his 60th birthday, but prior to his 64th birthday, he will receive benefits for a period of 15 years ranging from \$60,952 to \$117,216 per year, depending upon the year his employment terminates.

Mr. Puris is a party to an agreement which provides that if he dies while he is employed by the Company, his beneficiaries will receive payments of \$300,000 per year for 15 years following his death. If he retires on or after his 65th birthday, Mr. Puris will receive retirement benefits of \$300,000 per year for 15 years. If he retires, resigns or his employment is terminated on or after his 63rd birthday, but prior to his 65th birthday, he will be paid benefits ranging from \$230,000 to \$265,000 per year for 15 years, depending upon the year his employment terminates. In the event the employment of Mr. Puris were to terminate prior to his 63rd birthday other than for death, he would receive a lump-sum amount that in any case would not be less than \$1,500,000.

EXECUTIVE SEVERANCE AGREEMENTS

Messrs. Beard, Dooner, Geier and Lowe each have an agreement with the Company pursuant to which (a) sums previously deferred pursuant to employment agreements, Special Deferred Benefit Agreements and the Management Incentive Compensation Plans of the Company and its subsidiaries would become payable within 30 days following a "Change of Control" of the Company, if the individual had so elected prior to the Change of Control, and (b) a cash severance payment would become payable to such individual if, within two years after the Change of Control, his employment should be terminated by the Company (except for "cause") or the individual should resign for "good reason".

The agreements provide that a Change of Control occurs if: (a) any person other than Interpublic or any of its subsidiaries, becomes the beneficial owner (within the meaning of Rule 13d-3 of the Securities Exchange Act of 1934, as amended) of 30% or more of the combined voting power of Interpublic's then outstanding voting securities; (b) the stockholders approve an agreement to merge or consolidate with another corporation (other than a subsidiary of Interpublic) or an agreement to sell or dispose of all or substantially all of the business or assets of Interpublic; or (c) during any period of two consecutive years, individuals who, at the beginning of such period, constituted the Board of Directors cease for any reason to constitute at least a majority thereof, unless the election or the nomination for election by Interpublic's stockholders of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period.

The agreements provide, for purposes of determining an Executive's right to receive severance payments only, that Interpublic shall have cause to terminate an executive, following a Change of Control, if the executive: (a) engages in conduct that constitutes a felony and that results in the personal enrichment of the executive at the Company's expense; (b) refuses to substantially perform his responsibilities for the Company; or (c) deliberately and materially breaches any agreement between himself and the Company and fails to remedy that breach within a 30-day cure period.

For purposes of determining an executive's right to receive severance payments only, an executive under the terms of the agreements may resign for "good reason" if, without his consent, in any circumstance other than his disability, his office in the Company or the geographical area of his employment should be changed or his compensation should not continue to be paid and increased on the same basis as had been in effect prior to the Change of Control or the individual should determine in good faith that the Company had, without his consent, effected a significant change in his status within, or the nature or scope of his duties or responsibilities with, the Company and the Company failed to cure such situation within 30 days after written notice from the individual.

The severance payment would be three times the individual's average annual compensation during the two calendar years ended prior to the date of the Change of Control, plus a partial annual bonus based on the prior year's bonus prorated for the elapsed portion of the year in which employment terminated. The average compensation used in calculating the severance payment would be the individual's taxable compensation plus any deferred compensation accrued during the two relevant years, but would not include any deferred compensation earned in prior years but paid during the two years and would not include any taxable compensation relating to any stock option or restricted stock plan of the Company.

Each contract includes the agreement of the individual providing that if the individual's employment terminates in circumstances entitling him to a severance payment, he will, for a period of 18 months following the termination of his employment, neither (a) solicit any employee of the Company or any of its subsidiaries to leave such employ to enter into the employ of the individual, or any person or entity with which the individual is associated, nor (b) solicit or handle, on his own behalf or on behalf of any person or entity with which he is associated, the advertising, public relations, sales promotion or market research business of any advertiser which was a client of the Company or any of its subsidiaries on the date the individual's employment terminates.

The agreements give the individuals who are parties thereto an option to limit payment under the agreements to such sum as would avoid subjecting the individual to the excise tax imposed by Section 4999 of the Internal Revenue Code.

RETIREMENT PLAN

As of January 1, 1992, the Company adopted the Interpublic Retirement Account Plan to provide benefits under a "cash balance formula" to employees of Interpublic and most of its domestic subsidiaries who have at least five years of service. Each year a participant's account balance is credited with an amount equal to a percentage of the participant's annual compensation and interest credits. The percentage of annual compensation varies based on the sum of the participant's age and years of service from 1.5% for participants with a sum less than 40 years to 5% for participants with a sum of 80 or more years. Interest credits are based on the 1-year U.S. Treasury bill rate plus 1 percentage point, compounded quarterly, and are guaranteed to be at least 5% per year, compounded quarterly.

Until July 31, 1987, employees of the Company and most of its domestic subsidiaries were entitled in general to receive at retirement a monthly retirement benefit pursuant to a defined benefit pension formula computed as a percentage of average monthly compensation during the five consecutive calendar years with highest compensation with certain exclusions. The percentage of average monthly compensation used to calculate the monthly benefit was determined by multiplying the number of years of accredited service (which is defined in the Plan as the period of participation in the Plan) by 1.3%. Beginning July 31, 1987, the method of calculating the pension benefit was changed to a career average formula based on annual compensation. The percentage of annual compensation used to calculate the benefit was 1% of each year's compensation up to \$15,000 plus 1.3% of any compensation in excess of that amount.

Participants under the defined benefit pension formula on December 31, 1991, had their normal retirement benefit converted on an actuarial basis into an "opening cash balance" as of January 1, 1992. In addition, participants continued to accrue benefits pursuant to the career average formula and became eligible to receive upon retirement the higher of (1) the participant's benefit under the cash balance formula or (2) the participant's accrued retirement benefit under the career average formula as of December 31, 1991, plus any accrual after that date calculated pursuant to the career average formula. Employees joining the Company after December 31, 1991, were eligible to accrue benefits only under the cash balance formula.

With certain minor exceptions, "compensation" under the career average formula as well as the cash balance formula includes all compensation subject to federal income tax withholding. Annual compensation for pension accruals since December 31, 1988 has been limited by federal tax law. Currently, the limit is \$160,000, which is subject to future cost-of-living adjustments.

In December 1997, the Board of Directors of the Company adopted a resolution to freeze benefit accruals under the Interpublic Retirement Account Plan as of March 31, 1998. Retirement account balances as of that date will continue to be credited with interest until benefits begin in accordance with the generally applicable Plan provisions, but additional Company allocations have been discontinued as of March 31, 1998. In accordance with the resolution, Retirement Account Plan participants whose benefits were not already vested became fully vested as of April 1, 1998.

In addition, effective April 1, 1998, employees with five or more years of Retirement Account Plan participation began to participate in a new Compensation Plan. Under the new Compensation Plan, an account is established for each eligible employee and credited with up to ten annual allocations depending on the employee's years of participation in the Retirement Account Plan. Each annual allocation approximates the discontinued allocations under the Retirement Account Plan. In general, the balance in each employee's account begins to vest gradually after five years of participation in the new Compensation Plan. Payouts generally are made while the employee is still employed by the Company or one of its subsidiaries.

The estimated annual retirement benefit that each of the named executive officers would receive at normal retirement age, payable as a straight life annuity together with the annual benefit under the new Compensation Plan, is as follows: Mr. Beard \$114,374; Mr. Dooner - \$82,534; Mr. Geier - \$130,000; Mr. Lowe - \$13,514 and Mr. Puris - \$9,058. Alternatively, each of the named executive officers could take the benefit as a lump sum estimated as follows: Mr. Beard - \$1,185,508; Mr. Dooner - \$768,044; Mr. Geier - \$1,385,098; Mr. Lowe - \$136,483 and Mr. Puris - \$91,487.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

Compensation Policies for Executive Officers

The Company's overall business strategy is to increase shareholder value over the long term. Consistent with this strategy, the Compensation Committee has endeavored to develop and administer compensation policies that are linked to the successful achievement of the Company's strategy.

The objective of the Company's executive compensation program is to provide key executives with short-term and long-term compensation opportunities that will enhance shareholder value by motivating executives, increasing retention and rewarding outstanding individual and Company performance.

The compensation paid to executives consists of a base salary and incentive compensation which may be earned only if the Company's financial performance meets or exceeds annual growth targets. Incentive opportunities for the most part are long term, as well as at risk and equity oriented. Those incentive opportunities are provided pursuant to one or more of the following programs covered under the Company's shareholder-approved 1997 Performance Incentive Plan:

- Management Incentive Compensation Program (the "MICP"), which is an annual bonus plan that establishes a bonus pool based on profits for the last-completed fiscal year. Individual awards are made based on performance and are typically paid in cash but may be paid in stock.
- Long-Term Performance Incentive Program (the "LTPIP"), which provides for biennial awards of performance units each having a four-year term. These awards entitle a participating executive to receive cash payments based on the extent to which long-term operating profit targets are achieved by the division or entity of the Company for which the executive is responsible.
- Stock Incentive Program, which provides for the issuance of stock options and restricted stock. These instruments increase in value over time only if the market price of Interpublic Common Stock increases. They are usually forfeited in the absence of action by the Committee if an executive leaves the Company within a specified period following the date of the award.

The determination of the amount and form of executive compensation, including incentive compensation, paid to each executive officer of the Company is made by the Committee based on a discretionary evaluation, after taking into account a range of factors that include:

- (i) The financial results of the Company and the anticipated developments in the advertising industry.
- (ii) The total annualized compensation for the particular executive based on salary, bonus and incentive compensation.
- (iii) The accumulated value of incentive compensation previously provided such as stock options, restricted stock or performance units.
- (iv) The current and future financial and tax impact on the Company and on the executive of benefits under the Company's compensation plans.
- (v) The particular achievements measured against pre-determined annual objectives of the executive.
- (vi) The talents and unique qualities of the executive and the value of his or her accumulated experience with the Company as those factors are relevant to the future management of the Company.

There is no pre-determined weight assigned to any of the above factors; however compensation decisions by the Committee are greatly influenced by the annual financial performance of the Company.

The Committee's overall knowledge and experience of executive compensation practices provides the basis for making the subjective evaluations which in part determine the salaries paid and the incentive awards made to the executive officers.

In 1998, the Compensation Committee of the Company consisted of six experienced outside directors. Most of the members of the Compensation Committee have served and continue to serve on a number of other corporate boards in a similar capacity. All members have extensive knowledge of compensation practices in the private business sector generally.

1998 Compensation of Executive Officers

Base Salaries

Base salaries for certain employee directors were increased during 1998 as well as for some executive officers other than those listed on the Summary Compensation Table. Salary increases for executive officers and employee directors are based on professional merit performance, promotions and overall financial results.

MICP

Under the Management Incentive Compensation Program, annual bonuses to officers and key employees of the Company and its subsidiaries are paid from an annual bonus pool that may not exceed 5% of the amount by which consolidated pre-tax income on a worldwide basis exceeds 15% of the average equity capital of the Company in the immediately preceding calendar year. In 1998, total MICP payments to executive officers were higher than in 1997 as a result of the Company satisfying or exceeding its annual business plan and objectives, including achievement of targeted revenue, profit and net income.

LTPIP

The Long-Term Performance Incentive Program comprises a significant portion of the total compensation for executive officers of Interpublic and key employees of its subsidiaries. Awards under the LTPIP, consisting of performance units each having a four-year term, are granted biennially in odd-numbered years. No awards under the LTPIP were granted in 1998 to executive officers, except that a retroactive grant of performance units was awarded to Mr. Beard. Information with respect to that award may be found under the heading "Employment Contracts, Termination of Employment and Change-In-Control Arrangements" in this Proxy Statement.

Equity Grants

Under the shareholder-approved 1997 Performance Incentive Plan, stock options and restricted stock may be awarded to officers and key employees of the Company and its subsidiaries. Stock options are granted on such terms as are approved by the Committee, provided that the term of the option may not exceed ten years and the exercise price may not be less than the fair market price of the Common Stock on the date of grant. Shares of restricted stock granted are restricted as to the selling or transferring of the shares typically for a minimum of five years from date of grant and are forfeited if the executive should leave the employment of the Company, unless the Committee deems otherwise. In determining individual grants of stock options and restricted stock the Committee takes into consideration the number of years since previous grants, the financial performance of the Company over recent years in terms of annual operating margin, revenue and operating profit growth and the growth of shareholder value and the overall compensation and performance of the executive. The Committee also reviews various outside survey data pertaining to the pattern of grants made by other companies having approximate capitalization and growth similar to those of Interpublic (including several of the companies in the Peer Group Index, appearing in the two performance graphs that follow this Report).

Restricted stock grants are periodically granted by the Committee to executive officers and are designed to focus key executives on the long-term performance of the Company. During 1998 a total of 5,500 restricted shares and 86,500 stock options were granted to key executives other than the named executive officers, in recognition of individual achievements and as long term incentives.

In 1998, stock option grants totaling 250,000 shares were granted to named executive officers other than Mr. Geier. The individual option grants (Mr. Beard 70,000, Mr. Puris 60,000, Mr. Lowe 60,000 and Mr. Dooner 60,000) awarded in 1998 were made in conjunction with performance unit grants that in turn are effective January 1, 1999, under the Company's Long Term Performance Incentive Program. The Committee also granted Mr. Beard 150,000 stock options in 1998. No named executive officers, including Mr. Geier were granted restricted stock awards during 1998.

Tax Law

Under the federal income tax laws, the deduction that a publicly-held company is allowed for compensation paid to the chief executive officer and to its other four most highly compensated executive officers generally is limited to \$1 million exclusive of qualifying performance-based compensation. The Committee has and will continue to consider ways to maximize the deductibility of executive compensation, including the utilization of performance-based plans, while retaining the discretion the Committee deems necessary to compensate executive officers in a manner commensurate with performance and the competitive environment for executive talent. The 1997 Performance Incentive Plan contains provisions relating to MICP Awards, LTPIP Awards, stock option grants and performance units that are intended to make the awards eligible for exclusion from the \$1 million limitation.

Compensation of Chief Executive Officer

During 1998 certain changes were made to Mr. Geier's compensation package in recognition of his continued successful tenure as Chairman and Chief Executive Officer.

Mr. Geier received an 1998 MICP award of \$1,500,000. The award to Mr. Geier was based on a number of factors which included an increase of 54.7% in net income, an increase of 48.7% in basic earnings per share and an increase of 14% in gross income, which in the opinion of the Compensation Committee contributed to an increase in shareholder value.

The Committee awarded Mr. Geier during 1998 a stock option grant of 100,000 shares and a 1999 grant of performance units under the Company's Long Term Incentive Compensation Program. The option grant to Mr. Geier was consistent with the Committee's desire to link the major portion of his compensation to the performance and growth of the Company stock. Mr. Geier's last salary increase in the amount of \$30,000 per year was June 1, 1997

The majority of Mr. Geier's compensation package continues to be at risk and directly tied to the long-term financial and performance growth of the Company and the value of Interpublic stock.

2. PROPOSAL TO INCREASE AUTHORIZED SHARES OF COMMON STOCK

On March 25, 1999, the Company's Board of Directors adopted a resolution proposing that Article 4 of the Company's Restated Certificate of Incorporation be amended to increase the number of authorized shares of Common Stock, \$.10 par value, from 225,000,000 to 550,000,000 shares. In addition to the 139,932,896 shares of Common Stock outstanding at February 28, 1999, a total of 21,121,869 shares were reserved for issuance pursuant to various employee benefit plans and a total of 4,002,479 shares are reserved for issuance upon the conversion of outstanding subordinated convertible debentures. This leaves an aggregate of 59,942,756 shares otherwise available for future issuance.

Purpose of Increase

The Board of Directors believes that it is in the best interests of the Company and its stockholders to make additional shares available for issuance from time to time in order to have the flexibility to meet such corporate purposes and needs as may be determined by the Board of Directors to be proper and as may arise from time to time, including a possible stock split. In addition, such purposes and needs may include increases in capital through one or more offerings of Common Stock or the issuance of shares of Common Stock in exchange for the acquisition of other companies or properties. If the proposed amendment to the Restated Certificate of Incorporation is approved, the additional shares will be available for issuance at such times as the Board of Directors deems advisable without further action of the Company's stockholders, except to the extent required by law or the rules of any stock exchange on which the Company's securities are listed by reason of the nature of the transaction in which the shares are to be issued.

Vote Required

Under Delaware law, the jurisdiction of the Company's incorporation, the affirmative vote of the majority of all outstanding shares of Common Stock is necessary for the adoption of the proposed amendment to the Restated Certificate of Incorporation.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS AMENDMENT TO THE RESTATED CERTIFICATE OF INCORPORATION

3. APPOINTMENT OF INDEPENDENT ACCOUNTANTS

PricewaterhouseCoopers has been appointed and is acting as independent accountants of the Company for the year 1999. This firm has been the Company's independent accountants since 1952. PricewaterhouseCoopers has advised the Company that they are independent accountants with respect to the Company and its subsidiaries within the meaning of the rules and regulations of the Securities and Exchange Commission.

A representative of PricewaterhouseCoopers is expected to be present at the Annual Meeting with the opportunity to make a statement and to respond to appropriate questions.

If a majority of the shares of Common Stock present in person or by proxy and entitled to vote do not confirm the appointment of PricewaterhouseCoopers, the Board of Directors of the Company will take such vote into consideration and take action consistent to the extent practicable with the stockholders' vote and the Company's need for the services of independent accountants for the balance of the year 1999.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR CONFIRMATION OF THE APPOINTMENT OF PRICE WATERHOUSECOOPERS.
